## PRICE LIST FOR SPRING 1922

By freight or express, purchaser paying charges. If you desire to have Roses, ornamental shrubs, or other plants go forward by mail, add 5c postage to the prices in this list for each plant.

Kindly give full directions as to shipping, whether by freight, express, or mail. Our perfect packing of stock admits of a long journey of stock without injury to same so that you need not hesitate to order all heavy trees in large amounts shipped by freight. The freight rates are exceptionally low on trees. On all small bales up to about 50 pounds the express rates are often cheaper, and so much quicker that we especially recommend shipping by express. Trees take low second class express rates or one-half merchandise rates.

We guarantee all stock to be first-class, up to the size and grade specified in this list. Any claim should reach us within five days after receipt of stock, when same will receive prompt consideration.

Our stock is inspected by the State Inspector every year and certificates of inspection will be furnished with every shipment, showing the stock to be entirely free from San Jose Scale, or other injurious insects or diseases. In filling orders from this list we reserve the right in case we are out of the variety to substitute another of equal or better merit, labeling with correct name, unless the party says we shall not substitute in which case we will fill the order as far as we can and refund the balance.

**TERMS:**—Our terms are net cash with order. Five at 10 rates, and 50 at 100 rates.
